

Walking with Moms in Need

How are you *Walking with Moms in Need*?

How would your local Catholic Church respond to a mom who was struggling to care for her children and needed assistance? Would you be able to either provide them with the resources and support they need, or direct them to someone who could?

Walking with Moms in Need is a free, step-by-step process developed by the USCCB to help Catholic parishes support vulnerable women in welcoming and caring for their children. Anyone can lead it, and with the help of others in your parish, you can make a difference in your community!

What is it?

Walking with Moms in Need offers a simple process for Catholics and their parishes to:

- See what local resources and support are already available for woman who are pregnant or parenting in difficult circumstances.
- Identify what resources and areas of support may be missing.
- Determine how their parish can help strengthen the local support network for moms in need.
